Designed for those who crave style, nature, and lifestyle convenience, ANTA Residences brings a 5-star concept to one of Bali's most desirable postcodes.

A Landmark Design Inspired by the Ocean, an architectural masterpiece defined by a striking wave shaped roof a tribute to the perfect surfing wave.

This iconic form reflects passion, movement, and harmony between human and water, capturing the true spirit of Bali.

The signature Jungle Roof Concept transforms the rooftop into a living, breathing ecosystem.

With a plan to plant 10,000 tropical plants, including soaring 5-meter palms and rare species native to Bali, ANT Residences stands as a symbol of environmental respect, sustainability, and serenity.
